NO. 224—EIGHTIETH YEAR VICTORIA, BRITISH COLUMBIA, SATURDAY, SEPTEMBER 3, 1938 EIGHTEEN PAGES

ALL PLANE FACTORIES IN CANADA TO SHARE IN BUILDING BOMBERS

Sir Francis Floud Makes Formal Announcement Of Arrangement Concluded Through Negotiations of British Air Mission—Assembly Plants Near Montreal and Toronto

OTTAWA, Sept. 2 (P).—Two big airplane manufacturing plants will be erected in Canada, one at St. Hubert Airport near Montreal and the other at Malton Airport near Toronto, and all the existing plane factories in Canada will share in an arrangement concluded here to insure a long-range source of supply of aircraft for the British Government.

Sir Francis Floud, British High Commissioner to Canada, announced tonight, on behalf of the United Kingdom Government, the result of negotiations now completed by the British Air Mission, which has spent the last five weeks in Canada.

ORDERS ASSURED
The plants will be organized by the aircraft manufacturing industry of Canada, which has been assured orders of a so far unnamed amount. As first they will be assembling plants, but later will be developed into factories.

For the present the motors will be brought in from the United Kingdom or some other source for the huge bombers which will constitute the bulk of the orders to be placed in Canada. The intention is to fly the bombers to England as they are completed here.

In addition to the orders for bombers, there will be separate contracts awarded aircraft manufacturing plants.

TRAMS STRUCK BY LIGHTNING

Storm Plays Over Lower Mainland for Many Hours—Minor Damage

VANCOUVER, Sept. 2 (P).—Six street cars were struck by lightning here late today as a day-long thunder and lightning storm continued to play over the Lower Mainland. British Columbia Electric Railway officials said no one was hurt and damage was confined mostly to burned-out resistors.

The storm, which began here at 8 o'clock last night, played havoc with city light and power lines when it burst into new life late this afternoon. A few small fires were started by the lightning but none was reported serious.

RECORD FOR DURATION
E. B. Shearman, of the Dominion Meteorological Bureau, said the storm had set "some record" for duration but not severity. He added that it apparently centered over the Lower Mainland.

Earlier today and late last night power from Fraser Valley hydro-electric plants was cut off temporarily when lightning struck one of the 60,000-volt power lines from the Elsie Falls, B.C., plant of the British Columbia Electric Railway.

Worst damage caused by the disturbance occurred at Blaine, Wash., about thirty miles south of here early today. The Peace Portal Shingle Mill was destroyed by fire after being struck by a bolt, causing a loss of \$75,000.

C. S. Wallace New Globe and Mail Managing Editor

TORONTO, Sept. 3 (P).—The Toronto Globe and Mail today announced appointment as managing editor of C. S. Wallace, assistant to the managing director of The Edmonton Journal. The appointment will be effective October 10.

Mr. Wallace entered newspaper work in 1920 in Toronto. In 1929 he resigned as assistant city editor of The Toronto Star to become news editor of The Edmonton Journal. In 1936 he became managing editor of that newspaper and in 1938 assistant to the managing director.

ROBBED OF PENSION
WINNIPEG, Sept. 3 (P).—Healer and robber of part of his monthly pension, James Little, seventy-nine, Winnipeg, was found lying in a vacant lot in the north end today. He told police he was attacked by two men. He suffered a cracked rib and possible fractured thigh bone.

Wife of Rancher Is Kidnapped and Held for Ransom

Posse Seizes California Fruit Country for Mrs. W. R. Meeks, Abducted From Home by Two Men—Husband Left Bound as Thugs Leave in Stolen Car

YUBA CITY, Calif., Sept. 2 (P).—A wealthy rancher's report that his wife had been kidnapped and held for \$15,000 ransom started an intensive manhunt in California's "Peach Bowl" today.

National guardsmen, armed orchardists and justice department agents joined in the search a few hours after W. R. Meeks, the rancher, notified Sheriff A. W. Kimer that Mrs. Meeks, fifty-five, had been bound and carried off by two men who invaded their home just before midnight.

Meeks told officers that the raiders apparently entered the house while he and his wife were at the front door saying good-night to departing guests.

BOTH VICTIMS BOUND
The rancher reported the two men, one of them brandishing a pistol, ransacked the house and collected \$50 in cash before mentioning kidnapping. He said the invaders then bound Mrs. Meeks and himself.

"Unless you pay \$15,000 by midnight Saturday you'll never see your wife again," Meeks quoted the men as saying.

He said they broke into his garage. Continued on Page 2, Column 5

CHEMIST BADLY HURT IN BLAST

Explosion Chamber Bursts When Material From Bomb Is Set Off

WINDSOR, Ont., Sept. 2 (P).—Dr. Lyle Straight, research chemist at the Canadian Industries Ltd., here, was critically injured today during an experiment with a powerful explosive material taken from a home-made bomb found Wednesday outside the home of an employee of Walker Metal Products, Ltd., where a strike had been in progress since August 3.

Dr. Straight has a fractured skull and his condition is considered critical.

UNEXPECTED FORCE
He and other research chemists removed a small amount of the explosive from the half-pint tin can bomb and placed it in an explosion chamber, used for testing explosives. The force of the explosion, when the substance was set off, was so great it smashed the chamber and hurled a piece of metal which struck Dr. Straight.

The bomb was found on the window sill of the home of John Ullrich, a non-strike employee of Walker Metal Products.

Believe Missing Girl in Victoria

VANCOUVER, Sept. 2 (P).—Vancouver police said tonight they thought fifteen-year-old Ethel Barker, of Winnipeg, missing since August 13, when she was believed to have left her home in Edmonton, might be on Vancouver Island—either in Victoria or Nanaimo.

Today's search for the girl centered in Vancouver, after reports indicated she had been living in several rooming-houses here.

HITLER WITHHOLDS DECISION ON PLANS IN SUDETEN GERMAN DISPUTE IN CZECHOSLOVAKIA

Hitler and German Chancellor in Accord, But Future Course of Action Still Unannounced—Minority Leaders Believed Unchanged in Views Complete Autonomy Be Granted

BERCHTESGADEN, Germany, Sept. 2 (P).—Chancellor Hitler, high on a Bavarian mountainside, tonight reserved to himself the final decision on Germany's future course in the quarrel with Czechoslovakia. Today and yesterday he listened to reports on the status of negotiations between leaders of the 3,500,000 Sudeten German minority, presented by Konrad Henlein, head of the Sudeten German party.

Circumstantial evidence pointed to the likelihood Hitler advised the Sudeten German leader to stick to his eight-point programme of demands voiced on April 24 before a congress of his party at Karlsbad.

WITH COMPLETE LIBERTY
In essence, this programme, over which Henleinists and the Prague Government have been in dispute ever since, was a demand for autonomy with complete liberty in Sudeten German districts to profess the German "Weltanschauung"—world outlook for Nazi ideology.

"This, in the view of the Prague Government, if granted, would constitute official recognition of National Socialism in Czechoslovakia."

A cryptic communique stating Hitler and Henlein were in agreement, observers guessing today what would be the consequences of the conference between the Reichsfuehrer and his Sudeten German lieutenant.

MEDIATOR'S SUGGESTION
Henlein's visit itself was at least partly the result of British mediation between the Prague Government on one hand, and Hitler and the German minority on the other.

Foreign Minister Von Ribbentrop and Henlein were at Berchtesgaden at the same time, but the Foreign Minister Continued on Page 5, Column 4

U.S. DOLLAR IS AT HIGH POINT

Removal of Control Over Foreign Exchange Sends Pound Sterling Down

LONDON, Sept. 2 (P).—Momentary abandonment of Government control over the foreign exchange market today permitted the United States dollar to reach the highest level in three years. The heavy buying was by investors who feared repercussions in world economics from the international political situation.

Strength in the dollar arose from this and two other factors which were given free rein when control was lifted to permit "natural prices" to operate.

Aside from buying inspired by fears of political repercussions, and almost equally large volume was traced to normal needs which are particularly great at this time of the year for purchases from the United States, especially farm commodities.

STIMULUS TO TRADE
There has been a conviction among London financial and business authorities that sterling should be cheapened in terms of the dollar to enliven lagging British export trade.

Last night the pound sterling sold for \$48.50 (United States funds), while during some periods today the pound was nearly one cent cheaper. It closed at \$48.70.

A steadily mounting sterling price for gold—while the dollar strengthens—presented the chance for considerable sterling profit if the gold were sold in London.

When Chanakia, TRITIA intentions toward Czechoslovakia become known, financial authorities believe most of this type of demand for gold and dollars will cease.

Turn Tail on Approach of British Ship

GIBRALTAR, Sept. 2 (P).—A British warship was placed on emergency duty tonight when a number of insurgent warships cruised near the Spanish Government destroyer Jose Luis Diaz, crippled in a naval encounter with the insurgents August 27.

The British destroyer sailed in the direction of the insurgent warships. The latter quickly steamed away.

The Jose Luis Diaz limped into Gibraltar Harbor after the battle last week with twenty-six men dead and six missing.

CELLULOSE RAZOR BLADES INVENTED

TOKYO, Sept. 2 (P).—Japan's search for war-time substitutes has led to 4,000 inventions, ranging from porcelain telephones to waterproof paper cans and buckets. Cellulose razor blades were among articles displayed at a Tokyo exhibit.

YAST DUBLIN WORKS TO CLOSE
DUBLIN, Sept. 2 (P).—Employees of the Inchicore Shops of the Great Southern Railway learned tonight that, owing to the financial state of the company, the management is closing the works for two weeks starting September 8, and subsequently will operate on a three-day week. The order affects 2,000 men.

PRINCE ARTHUR OF CONNAUGHT ILL
LONDON, Sept. 2 (P).—Prince Arthur of Connaught, fifty-five-year-old grandson of Queen Victoria, is critically ill at his London home. He has been suffering severely from a gastric ailment. The Prince has taken no part in public life for the past two years.

SEEKING UNDERSTANDING WITH POLAND
LONDON, Sept. 2 (P).—Diplomatic visiting in Warsaw and London gave rise to a belief that Britain was seeking a new understanding with Poland to persuade Germany into a more moderate policy in Central Europe. Informed quarters felt that a pro-British Poland, or at least a neutral Poland, would be invaluable to the British and French maneuvering for a peaceful settlement of the German-Czechoslovak crisis.

Specialists Here For Discussion of Medical Problems

North Pacific Society of Internal Medicine, in Annual Session Here, Has as Guest Speaker the Noted Pathologist, Dr. William Boyd

Dr. William Boyd, of the Banting Institute, University of Toronto, Faculty of Medicine, one of the leading pathologists of the continent, attended yesterday's opening sessions of the two-day annual meeting of the North Pacific Society of Internal Medicine, now being held in the city.

All members of the society, now in its eleventh year, are specialists in diagnosis and medicine, and consequently the meeting is a gathering of many distinguished men, British Columbia and the States of Washington and Oregon are represented in the membership of sixty-three, about forty of whom are here for the first time. Following a presentation of the annual report of the society, the sessions are arranged in such a way to allow members to play golf during the afternoon. Three papers were given yesterday morning and six others were scheduled for this morning's session.

CANCER OF LUNG
"Reasons for the Recent Increase in Bronchogenic Carcinoma" was the subject of the address by Dr. Boyd. Dealing in popular terms with cancer of the lung this address had certain reassuring elements. New Zealand Boys Enjoy Island Visit

AFTER a delightful combined holiday and study tour through British Columbia, the last week of which was spent on Vancouver Island, nineteen students of Waiwaka Boys' High School, Oamaru, New Zealand, and their master, P. W. Hargreaves, left last Wednesday for St. Nicholas Island.

During their stay on the island the boys were billeted in private homes, and left a very happy impression with their hosts. They, on their part, were most enthusiastic in their appreciation of all hospitality shown. They proved keenly observant, particularly of anything to do with natural resources, farming and lumber operations. Fifty per cent of the boys are going in for agriculture, so were particularly interested in General McKee's Summer farm, "Eaglecrest." Qualicum and its model farm nearby, also in Fairbridge Farm School and D. A. Girvin's fruit farm at Duncan. In Cathedral Grove, where they secured some good pictures, they noted the various species of trees. The quality of the soil, all manner of engineering and mechanical devices, etc., were quickly noted everywhere.

While their master, Mr. Hargreaves, teaches French in the Waiwaka High School, his hobby is horticulture, hence the stimulus of interest in this direction.

The boys and their master are shown above. Brown, Bryant, Buchanan, Chappell, Craven, Ellis, Falconer, R. and W. Hudson, King, B. and W. J. McKee, McKee, Neave, Pearson, Reid, Simpson, Smith and Taylor.

VAN MUNGO AND LA MASTER OUT

Brooklyn Pitchers Join Growing List of Sore Arm Twisters — Both Sent Home

ST. LOUIS, Sept. 2 (P)—Two more names went on the long list of sore-armed major league pitchers today—those of Van Mungo and La Master. Both were sent home.

Dr. Robert F. Hyland, Cardinal Club surgeon, who examined the pair here, said after a telephone conference with Larry MacPhail, Dodgers' manager, who was in Cincinnati, that both would return to their homes for the remainder of the season.

"Neither pitcher will need an operation to correct his ailments," Dr. Hyland said, "but both need rest."

Others who have gone on the sore arm list this season include Carl Hubbell, Giants' southpaw, who recently underwent an operation; Dizzy Dean, of the Cubs; Lefty Grove, of the Red Sox; and Hal Schumacher, of the Giants, whose injury also, Dr. Hyland said, "contains several bone fragments."

SPORTS CARDED HERE LABOR DAY

Here's a chance to try out your Halloween costume a trifle ahead of schedule. For members of the city committee in charge of the Labor Day sports programme at Beacon Hill Park on Monday, last night announced they would hold costume contests and a list of children's sports events. Prizes have been offered for the various winners.

To the diminutive Victorian who parades in the best resemblance of a movie actor or actress in costume will go one of these attractive trophies, while others will be donated to the possessor of the best-decorated boy's or girl's bicycle, and the driver of the best-decorated wagon float.

In addition to costume races and a "monkey race" other events prepared for the children will include races for boys and girls five years of age and under, seven and under, nine and under, eleven and under, thirteen and under, and sixteen and under.

FATALLY HURT RIDING TRAIN

Melvin Dyson, Aldergrove, Falls Between Two Moving Freight Cars

Provincial Police confirmed yesterday the death of Melvin Dyson, eighteen years old, at Aldergrove, following injuries received the evening previous, when he slipped between two box cars on rail tracks east of Kamloops.

So far as could be ascertained here, the youth was riding on the top of a freight car, and in moving to another car lost his footing and fell between two cars in the moving train. Though assistance was given at once, he succumbed to his injuries.

His mother, Mrs. Connolly, and a stepfather reside at Aldergrove, one sister, Miss Theina Dyson, at Hope, and another sister, Mrs. E. J. Hanson, at Radium Springs. The body was identified by Jack Wheeler, a friend of the family, at Kamloops.

ALL TO SHARE
The intention, it was said, was to have all existing factories share in the business.

Final details are all subject to approval by the British Government and the only definite understanding given in a signed agreement between the mission and the manufacturers, is that if the facilities are provided as outlined there will be orders placed.

NIAGARA FALLS, Ont., Sept. 2 (P)—A 113-0-1 shot popped home in front of the second race at Stamford Park today, making the second four-figure daily double in as many days—Buck-Private was the long shot, paying \$29.80 to win and being coupled with Debutante, which paid \$9.85, in the double.

Mrs. H. Bruce and Miss Talie Schmitt, both of Toronto, collected \$1,001.20, for combining the two winners.

Yesterday a man and woman each collected \$1,436 for picking the correct double.

took his automobile and drove away with Mrs. Meeks in it.

"We'll contact you in a couple of days for that \$15,000," the rancher quoted them as saying as they carried Mrs. Meeks to the car.

TELEPHONE SHERIFF
Meeks said he worked himself free of his bonds and telephoned the sheriff immediately. He was unable to give a good description of the men but said they appeared to be about twenty-four years old, five feet nine or ten inches tall, were roughly dressed, wore handkerchiefs over the lower part of their faces, spoke with an "Oklahoma accent" and talked about "the electric chair."

Officers thought that they might have come from the Mid-West "dust bowl."

Four hours after the occurrence, the automobile, containing Mrs. Meeks' purse and glasses, was found abandoned in Marysville, twelve miles north of the Meeks ranch.

POSSE QUICKLY FORMED
Orchardist neighbors of Meeks grabbed up their pistols and rifles and quickly formed a posse.

Just as department agents jumped into the case before dawn.

Two companies of national guardsmen joined the hunt at the request of Governor Frank F. Merriam.

Meeks professed inability to raise \$15,000 but said he would sell his orchard if necessary in his attempt to meet the reported demands.

VANCOUVER, Sept. 2 (P)—Mrs. J. C. Ross, ninety-two, who claims to be the Canada Pacific Exhibition's oldest exhibitor, secured the idea of entering a class for "old ladies." Her hand-branded rug took the first prize ribbon in the open class rug section of the women's department.

NEW MINISTER IS INSTALLED

Rev. Hugh McLeod Inducted At Ceremony in First United Church

REV. HUGH A. McLEOD, B.A., B.D.

Rev. Hugh A. McLeod, B.A., B.D., former pastor of Robertson United Church, Edmonton, was formally given charge of Victoria's First United Church on Quadra Street at an impressive induction service here last night. Mr. McLeod succeeds Rev. W. G. Wilson, who resigned from active service last May.

Following hymns by the choir and Scripture readings, Rev. James Hood traced the steps leading to the summoning of the new minister and after asking the customary questions on matters of faith, he formally inducted Mr. McLeod into the pastorate. Assisting him were Rev. A. E. Whitehouse and Rev. F. R. G. Dredge.

After a brief address to the congregation by Mr. Whitehouse and a speech of welcome to the new minister by Mr. Dredge, the ceremony was concluded by a Benediction service. A reception will be held for the minister and his wife in the church next Friday.

MARINE and TRANSPORTATION

ALL SET FOR
SPEED DASHTen of Fastest Flyers Will
Start in Annual Bendix
Race

LOS ANGELES, Sept. 2 (AP).—Cross-country airplane records are expected to topple tomorrow when ten of the fastest flyers in the United States, including one woman, pretty Jacqueline Cochran, take off from here for Bendix dash.

This year's long-distance aviation classic will run predominantly to stock models, the kind that cost from \$7,000 to \$30,000. At least

three of the entrants will cross the continent in the sub-sonic stratosphere for the first time in this race.

20,000 FEET UP
Diminutive Robert Perlick, smoke waker, flying a Beechcraft, Paul Mantz in a rebuilt Orion-Lockheed, and George Armistead in a rebuilt Q.E.D. special, will try the 20,000-foot level.

Pilots continuing on from Cleveland to Bendix, N.J., will be in line for special prizes.

Both Frank Fuller, San Francisco, last year's winner, and Miss Cochran are flying Severely Purcell-type planes. Miss Cochran's is the one Alexander P. Severely, airplane designer and builder, flew here from New York this week to set a new east-west record.

Only two of the pilots, Miss Cochran and Fuller, announced refueling points. They intend to stop at Kansas City. All ten planes are radio-equipped and all will fly on airline radio beams.

RADIO-EQUIPPED
The first pilot to reach Cleveland tomorrow will win \$9,000; the next four, \$5,000, \$3,000, \$2,000 and \$1,000. Any pilot who breaks Fuller's record to Bendix of nine hours and thirty-five minutes—made last year—will receive \$5,000 additional.

Miss Cochran is a clinch for at least \$2,500, since that is the prize for the first woman reaching Cleveland or Bendix.

OUTBOUND TODAY
Canadian Pacific's Ss. Empress of Asia, Captain George Gould, R.N.R., commander, will be here for a short while this afternoon. The liner is due to arrive from Vancouver at 4 p.m. and after embarking passengers and taking on mails and cargo will clear for Yokohama, her first port of call on the way to Manila.

OUTINGS TOMORROW
Vancouver Island Coach Lines are offering patrons the choice of two popular excursions tomorrow. Buses will leave the Broughton Street depot at 10 a.m. for Shawangin Lake, via the Cutler Road, and for Sooke Harbor, Woodside Farm and Whiffen Spit.

REDUCED FARES
For the last summer holiday weekend, both the B.C. Coast Service of Canadian Pacific Steamships and the Puget Sound Navigation Company are offering attractive week-end rates, good for returning on Tuesday next. These fares apply to trips between Victoria, Vancouver, Port Angeles, Port Townsend and Seattle.

EXCURSION MONDAY
On Labor Day, September 5, the Ss. Princess Victoria will sail from Victoria with an all-day excursion to Vancouver. The ship will leave Victoria at 8:30 a.m. and on the return trip will leave Vancouver at 6 p.m.

ENTERPRISE DUE
The Empress Line M. Pacific Enterprise is expected here tonight by Kline Brothers, local agents for the line. The Enterprise is coming in from the United Kingdom. She will go to Okeana Point, B.C., and on account of the Labor Day holiday, will be discharging and loading cargo on Tuesday. The Enterprise has general cargo from the British Isles for discharge and will load logberries and lumber here for the return passage.

SOLD OUT HULK
The famous four-masted schooner Eskapee, recently used in Los Angeles harbor as a barge, has been sold, built in Bath, Maine, in 1908, the vessel's speed under sail gained international fame, setting some records which still stand, according to her one-time master, Captain W. H. Curtis, now a maritime lawyer in the South. Still unequipped in her nine-day run from Seattle to Honolulu. At another time she circled Cape Horn from the North Atlantic to Hawaii in 106 days. In 1914 she became one of the world's first three sailing oil tankers and ran between San Luis Obispo and Honolulu with fuel oil for steamers replacing the live-oil. In 1916 her master, one 321 feet in length, were shown, and she went under tow to Union Oil Company.

SPEED QUEEN
NEEDS MONEYWalters Would Like Engines
Removed From Bluenose
Before Race

HALIFAX, Sept. 2.—Financial problems tonight cast a shadow across Nova Scotia preparations for the international schooner races off Boston next month, after Captain Angus Walters, of Lunenburg, N.S., skipper of the champion Bluenose, said he had abandoned attempts to obtain a grant from the Provincial Government.

"The Government thought enough of her to put her picture on a coin, a stamp, and on the floor of the Federal Building in Halifax," Capt. Walters said, "hasn't she advertised the province enough in her time to deserve a little assistance?"

TOO MUCH BALLAST
"Bluenose has got some enemies in her," the skipper continued before a press conference which assumed the aspects of a public meeting as Captain Walters' delivery trickled through the shrouds of his graceful schooner. "If the engines don't come out of her, I'd rather see another man race her and stay ashore myself. They weigh her down three inches in the stern, and she's never any good with ballast in the bow."

Price of installation and removal of the vessel's twin Diesels was placed at about \$15,000. Grants of \$2,500 from the Dominion Government and \$8,000 from the United States organization sponsoring the races were already spent on repairs to the hull, new rigging and canvas.

SINGLE UNIT
Gertrude L. Thebaud, Bluenose's rival from Gloucester, Mass., also carried an engine, but it is a single unit placed low down in the hull, while Bluenose's twin installation is far enough out on each side to make its weight felt when she heels over.

The fleet schooner leaves Halifax Monday for her home port. She sails from Lunenburg, Sept. 20, and the four-day, 400-mile race starts off Boston October 9. But as she will, engines or no engines, she'll be Nova Scotia's and Canada's pride to maintain the reputation she's built up since she was launched seventeen years ago. In that time she has never dropped a race in international trophy competition, although the Gloucester L. Thebaud took an exhibition several years ago.

VICTORIANS ON
PEDALING TOURBill Court, One of Group,
Wins Annual Race at
Portland

On a two weeks' bicycle tour which took them as far south as Harrisburg, Oregon, and is still continuing, three young Victorians are having some interesting experiences. One of the riders, Ken Stoffer, in a letter to his parents, tells of some of the high lights of the tour, principal of which was a bicycle race won by Bill Court, one of the party.

Court, Ken Stoffer and Tom Ellis went on their "bikes" as far as the Californian border before turning back north again. Portland seemed to have considerable attraction for them. While stopping off there, they heard about some riding contests out at Jantzen Beach, a resort near the Oregon city and close to the border between that State and Washington.

Writing about the racing at Jantzen Beach, Stoffer states Court entered and took first place in the qualifying heats, in which some forty-eight riders took part. Entering the finals, a six-mile event, Court led the field and won in sixteen minutes. The prize for the annual six-mile dirt track race was a 1938 World's bicycle, but Court's riding had been so outstanding in the preliminaries everyone figured he was a professional rider "under wraps," so the judges told him he couldn't have the prize even if he did win it.

CAME HOME FIRST
Court rode in the race anyway and came home first, and although he didn't get the "first prize" he was promised a special one as a memento to his steady riding at Jantzen Beach. It was to be forwarded to his Victoria address.

Everywhere they have gone the Victorians have been treated with great hospitality. Stoffer further states: "Telling people where they were from was all that was necessary for a demonstration of the worst and friendliest discussion, the fore the final contest that he writer concludes.

OVERBURDENING TAXATION

Sir Edward Beatty has uncovered the root of whatever economic depression is evident in Canada when he said in an address at Vancouver that: "We shall never cure unemployment until private enterprise revives, and private enterprise will never revive until taxation is lessened." It is a matter of common knowledge to all business and industrial interests that the rate of taxation that now prevails is inhibiting enterprise. With-out any knowledge of what to expect in the future in the way of burdens, with the present drain made by the State on production, industry as a whole is fearful about expanding.

The corollary of what Sir Edward Beatty says is that there is too much government in the country; too many taxation authorities; over-spending in public departments, and State enterprises engaged in beyond the capacity of the people to bear for their economic well being. What has happened has been put into plain language by the President of the Canadian Pacific Railway Company when he says: "We have burdened the producers of this country with the many who do not produce, and this burden hampers them in their determined efforts to meet the competition of others in foreign markets." This is an assertion that cannot be denied in any logical way. Sir Edward adds the statement that: "every worker and every investor is burdened with taxation . . . and the total effect of taxation on the price of what the consumer in Canada buys is literally enormous."

In effect, Sir Edward believes that high taxation is the most serious of the country's immediate problems, as it undoubtedly is. The Government of the Dominion, so far, have shown no disposition to get together and devise ways and means to put an end to profligate spending and engage on a campaign of rigid economies in administration. It is possible that recommendations to this effect may be made by the Royal Commission on Dominion-Provincial Relations, but it was not created specifically for that purpose, and in any case two or three of the provinces are standing outside the orbit of that fact-finding body. Governments are unlikely to do anything until the public conscience is aroused. Perhaps such irrefutable statements as those made by Sir Edward Beatty may contribute to creating a public demand for economy in administration.

WORLD'S GREATEST LINER

Her Majesty, as is fitting since the world's greatest passenger steamer is to be named after her, will officiate at the launching of the Queen Elizabeth at Clydebank on September 27, and the story of the launching will be broadcast to the world. The vessel, now under construction by John Brown & Company, is more of a companion than a sister ship of the Queen Mary, because both externally and internally there are marked differences in the two vessels. The new ship will be more streamlined than the Queen Mary; she will be ten feet longer; she will have fourteen decks, two more than her companion ship. In appearance she will be more graceful than the Queen Mary; she will have added engine power, composed of a system of Parsons single reduction geared turbines. Each of her four propellers will weigh thirty-two tons, driven by an independent set of machinery comprising a large gear wheel operated by four turbines. Each gear wheel will be fourteen feet in diameter, and will, in the aggregate, weigh 320 tons.

All classes of passengers on the Queen Elizabeth will be provided with space for open-air activities. Included in the fourteen decks will be a sports deck and a sun deck, as well as many promenade spaces. There will be twenty-nine public rooms and a theatre, garden lounge, an observation lounge, a children's room, a library, a salon, a studio and a writing room. Some idea of the massive character of the installation featured is given by the fact that the ship will have twelve of the largest boilers ever constructed. They will contain 71,000 tubes. The main steam piping will have a length of over 3,000 feet. Forty tanks will be used for the distribution of oil fuel. There will be sufficient electrical energy generated aboard to meet the needs of a city of 200,000 population. The Queen Elizabeth will not be in commission until 1940. She will be a faster ship than the Queen Mary, and that would imply new trans-Atlantic records will be achieved.

UNDER DEMOCRACY

Democracy should be a word synonymous with freedom. The democratic nations claim to be keeping alive the doctrine of individual liberty as opposed to practices of regimentation undertaken in totalitarian states. The United States is held up again and again as a shining example of what democracy is. Mr. Herbert Hoover, for instance, claims the progress being made by the American people "rests on the principles of intellectual and spiritual freedom, on a system of free economy regulated to prevent abuse." This progress, Miss Evangeline Booth says, is advancing "by leaps and bounds in the United States." Many statements to the same effect could be quoted, perhaps by prejudiced parties, because there are trends of events in the neighboring republic that seem to indicate how democratic principles of government are being fouted.

In that country between now and January next the Government will mail cheques to 13,000,000 individuals, who, with their dependents, represent some 40,000,000 individuals, or one-third of the population. These millions, regarded as in a position to exercise freedom of judgment, because, to all intents and purposes, they are wards of the State. There is a necessary restriction of liberty when people have to look

to a government for their daily subsistence. Paternalism of this character can readily make it an easy stepping stone to regimentation, such as is practised in other lands. The economic or social aspect of the condition that has arisen in the United States is, of course, the argument in favor of this paternalism, but it involves a reflection on a country flowing with riches, and natural resources that make them possible. The idea given birth to that democracy should concentrate more on the doctrine of encouraging individual freedom, which is the foster-mother of the initiative and enterprise that make a nation great.

LETTING LIFE FLOW FAST

There is a spirit among youth in Egypt which it may well be hoped is not permeating countries with a shorter record of history than that ancient land. In Egypt climatic conditions discourage strenuous avocations, but there is a tendency there among youth that is reputed to be educated to take life too easy, to expect the blessings of good living to flow without effort to secure them; to carry, in fact, the spirit of resignation to the point of the Malay ferryman who refused fares one day because he claimed to have earned enough already, and who asked his would-be passengers to postpone their trip until the morning, when he would want the money.

"Something of this spirit," says The Sphinx of Cairo, "is apparent here and will have to be eradicated if Egypt is not to lag in progress. Too little importance is attached to hard work, which is considered merely as a necessary evil. Though the results are prized by the young—such things as diplomas and certificates—these are regarded as an end and not as a beginning of the real work of life. Also, it is always hoped to obtain them by the easiest and quickest of means, with the object of their sitting back and letting life flow past."

Premier Aberhart, of Alberta, complains bitterly of being "prevented" from doing what he never had the power to do. He rails because one Province in the Dominion cannot change the Constitution of Confederation. He is, in fact, in word and thought, and has attempted to be in deed, a rebel against the law. It is a new role in this country for one who sits in a seat of authority.

Even those who should know best, cannot foretell the outcroppings of European unrest. A few weeks ago Mr. Neville Chamberlain said: "Throughout the Continent there is a relaxation of that sense of tension which six months ago was oppressive." The tension has been restored in its full vigor and intensity.

ON A VACATION

Wearied by men, and traffic of the town,
Once more I come, as in the years gone by,
Where hills of canyon green and tawny brown
Slope to a rainless sky.
Drinking anew the ancient palm-leaf peace
Of brooklets lapping under shadowy boughs,
I feel like one condemned, who wins release
Out of the prison house.

Here only, where the groves and streams are lords
And ridge and vale make one harmonious whole,
The tired seeker, worn by pummeling hordes,
Can find his own lost soul.

—Stanton A. Coblenz.

BROWN SCARS

The cloudbursts of a hundred years ago
That smote the forest with limb-cracking gales,
Have left brown scars upon the wood to show
The force of winds and hail.
This twisted bough, this gnarled old trunk remains,
Bent picturequely to the arched green heights,
From ancient wounds and wars, the forest gains
A nobler grace and might.

When man seized the loadstone of science, the load-
star of superstition vanished in the clouds.

—W. R. Alger.

The human mind is an intricate affair, not much understood as yet. Compare it with a radio, and you might say it is a highly selective receiver. It may be tuned to all wave-lengths at once, or confined to what is brought in over the invisible antenna in a "special" band. The analogy is by no means exact, for the radio is limited strictly by what is happening now, while the mind tunes in at will that which belongs to the past, and what we call memory. Nor is the "receiver" fortunate choice for the human mind can emit as well as receive; originate, as well as repeat the signals of another. All of which is a preamble to the fact that this morning my receiver insists upon going back selectively to what happened quite a long time ago. I have received, with it, a message, strictly by what is happening now, while the mind tunes in at will that which belongs to the past, and what we call memory. Quebec Flood Area To Seek Government Help for Sufferers

Death of Mother and Four Children Found to Be Accidental—Many Houses Undermined and In State of Near-Collapse

PORTNEUF, Que., Sept. 2.—Mayor Onesime Poliquin indicated tonight both the Federal and Quebec Provincial Governments will be asked to aid residents of this flood-stricken village, thirty-seven miles west of Quebec, inundated on Thursday when the rain-swollen Portneuf River burst from its banks.

Poliquin said the two Governments would be requested "to lend aid to stricken families and to contribute towards the work of repairing property."

Their home demolished by the flood, five members of Georges Marcotte's family were drowned in the swirling waters. Engineer Ovide Carrier and Fireman Donat Jobidon were killed when a Canadian Pacific Railway train crashed through an undermined culvert near here, and scores of Portneuf residents had narrow escapes when the river overran a large section of the village.

MANY HOUSES UNDERMINED

Many houses were undermined and tonight still were in a state of near-collapse.

Mrs. George Marcotte and her four children will be buried here.

Monday. A coroner's jury decided last night their deaths were accidental.

At St. George de Montmorency a jury returned an accidental verdict after deliberating upon the deaths of four persons in Thursday's landslide there. Three women and one baby perished as part of a tall cliff broke away under heavy rains and rolled down on their homes in an apartment building. Ten others were injured, none seriously, when the four-story building crumbled into ruin.

The dead were Mrs. Parthe Desile, thirty, and her baby boy; Mrs. Corinthe Audet, thirty-nine, and Gloria Lachance, twenty.

AMBULANCE ON WAY TO CITY

Chinese Raise \$1,500 for Vehicle for Far East Mercy Work

There is considerable excitement these days among the Chinese citizens of Victoria, as the ambulance for which they raised some \$1,500 is now on its way to Victoria from Oshawa. It will be fully outfitted before being sent to its ultimate destination, unhappy war-torn China.

The accounts of the appalling and ever-increasing need for medical aid of all sorts published in such papers as The North-China Herald make bitter reading to the freedom-loving peoples of the world. Dr. Yen Fu-ching, director of the Chinese National Health Administration and former director of the Shanghai Red Cross Hospital, states that China itself is doing nothing short of miraculous work in trying to meet a problem which is of a gigantic scale.

BOUGHT IN CANADA

It is with the idea of giving everybody in Victoria a chance to do whatever lies in his power, to in some measure help to lighten this intolerable burden of human suffering that the Victoria Branch of the Canadian Friends of the Chinese People has planned its present campaign. It is hoped that funds will be raised quickly to send another "bought-in-Canada" motor ambulance, outfitted with Canadian-made equipment, and every effort is being made by the executive committee to keep the overhead expenses to the minimum. Volunteer assistance is being used wherever possible, and the general public is asked to read carefully the pamphlet now being widely distributed throughout the city, acquaint themselves thoroughly with the aims and plans of the organization, then to send whatever they can to the honorary treasurer, Mrs. C. H. Rutledge, 1227 Beach Drive, Victoria. Any contributions no matter how small will be appreciated.

R. M. LENDRUM MADE VICE PRINCIPAL OF DUNCAN HIGH SCHOOL

DUNCAN, Sept. 2.—At the regular meeting of the Duncan Consolidated School Board, R. M. Lendrum was promoted to the position of vice-principal of the high school, and will be placed in charge of the junior division of the school.

Increased registrations in the elementary school has forced the board to add an additional teacher to the teaching staff. This was decided upon after a conference with Principal Blanchard. A male teacher is desired.

A special committee on book purchasing reported that the books had been procured and would be rented to high school pupils at a cost of \$1.25 per annum.

MAKE BIG HAUL OF SMUGGLED NARCOTICS

PORTLAND, Ore., Sept. 2.—Buried deep in coal bunkers of the Philippine steamship Don Jose, a United States customs searching squad yesterday stumbled on 1,485 one-ounce cans of narcotics, valued at approximately \$67,000.

The seizure was the second largest made in forty years here. Customs Collector Fred Pisk said. Largest was made July 28, when the motorship Grandville yielded narcotics valued at \$100,000. The ship is subject to a fine of about \$45,000.

GOVERNMENT TO AID VANCOUVER

Tenders Are Called for Waterfront Protection at Spanish Banks

Tenders were called yesterday by the British Columbia Government in association with the Federal Department of Public Works, for the improvement of two-thirds of a mile of Vancouver's waterfront at Spanish Banks, Point Grey. Tenders are returnable by noon on September 7, involving 3,500 linear feet of groynes and dry-stone wall.

Some 2,500 feet of the work to the east side of Spanish Banks will be new work; while 1,000 feet to the west will be in replacement of protection work done in 1936 and since then demolished by the sea.

EXTENSIVE REPAIRS

While the cost of the project will depend upon the bids received, the Provincial Department of Public Works is calling for deposit cheques of \$5,000 from each contractor entering a bid, to be refunded later. The successful contractor must agree to a bond for other surety for due performance of the project.

Spanish Banks lie immediately off Point Grey, on the outer horn of English Bay.

HIGH SCHOOL TO OPEN ON TUESDAY

Increase Expected in Enrollment—More Divisions Are Made to Accommodate Students

Students of Grades XI and XII will report at Victoria High School at 9 o'clock on Tuesday morning. Grade X at 10 o'clock, and Grade IX at 11 o'clock, according to H. L. Smith, principal. No school session will be held in the afternoon.

It is anticipated that the total registration will be 1,250 students. When school opens compared with 1,100 last September.

Present plans call for thirty-four divisions, an increase of three. Four-year-course students will form six divisions, two more than last year. Two study halls will be used to accommodate the increased enrollment.

London and Calgary Groups Figure in Provincial Incorporations

The Vancouver Island Timber Syndicate, of London, England, and Victoria, was granted an extra-provincial licence in the Province, with authorized capital of \$45,000. Incorporation was effected in the name of solicitors, the principals not being disclosed.

The National System of Baking, Ltd., of Calgary and Vancouver, with authorized capital of \$100,000 and 20,000 shares of no par value, was also granted an extra-provincial licence. Domestic concerns, including one Victoria firm were announced as follows:

North Saanich Saw Mills, Ltd., \$100,000; S. J. Seaward, British Columbia, \$15,000; Vancouver, Sheep Creek Amusement Company, Ltd., \$10,000; Vancouver, Lewis Style Centre, Ltd., \$10,000; Vancouver, Fruitvale Groceries, Ltd., \$10,000; Trail, Surf Point Mines, Ltd., N.P.L., \$100,000; Vancouver.

No fresh societies or co-operative associations were licensed during the period.

HITLER WITHHOLDS DECISION ON ISSUE

Continued from Page 1

was not called into the conference between Hitler and Henlein. Officials, when hard pressed for an interpretation of the meeting between the two, had to admit no one save Hitler himself knew Germany's future plans.

The whole tenor of the German press indicated, moreover, that Hitler had no intention to compromise with the Czech Government in the minority dispute.

Compromise would mean only a temporary solution, it was said, and would hold up the possibility of "friendship negotiations with Great Britain and France."

As one Nazi commentator usually excellently informed, stated: "There are enough problems to talk over with Britain and France. There is much room for fruitful discussion with Britain and France."

But wherever we turn the Czech problem stares us in the face. "This cannot endure forever. There are more important issues than Czechoslovakia."

The circumstantial evidence that Hitler urged Henlein to stick to his Karlovy Vary programme was based, among other things, on a remark by a spokesman of the Propaganda Ministry.

Asked whether the "complete accord" between Hitler and Henlein, spoken of in today's communiques, meant they were adhering to the Karlovy Vary programme, he replied:

"We have never deviated from it. The only difference of opinion could

be over interpretation of some points."

CONTINUING ITS EFFORTS

PRAHA, Sept. 2.—The British mission attempting to mediate the German-Czech differences tonight said its peace efforts would continue over next week-end.

There was no hint whether the mission headed by Viscount Runciman had any intimation of what Chancellor Hitler's attitude might be after his Berchtesgaden conference with Konrad Henlein, chief of the Sudeten German minority.

But there were assurances after Lord Runciman called on President Eduard Benes that discussions would continue next week.

There was growing hope in Czech quarters in view of the Runciman mission's announcement of further talks that "Hitler has not closed the door" to a peaceful solution of the minority issue.

FORMER ARCHBISHOP OF NEW ZEALAND DIES

WELLINGTON, Sept. 2.—(C.P.P.)—Reverend Most Rev. Churchill Julius, ninety-one, Anglican primate and Archbishop of New Zealand, 1922-25, died Thursday. His wife predeceased him in 1918.

Surviving children include Sir George Alfred Julius, consulting engineer of Australia; Very Rev. John Aedyn Julius, "Dean" of "Christ church," N.Z., and Mrs. Cecil Wilson, wife of the Bishop of Bunbury, Australia.

What a relief to settle down to a real night's rest, and awake fully refreshed, ready for the day's duties. I was tortured by terrible nights—tossing, turning—never comfortable. Half awake days—over-tired, driving body and mind to work when they needed rest. "Try Dodd's Kidney Pills," said a friend— "it may be your kidneys." I'm glad I followed his advice as now I'm sleeping like a top—thanks to Dodd's Kidney Pills.

JASPER GOLF TO COMMENCE

Large Field to Tee Off in Annual Tournament Monday in Alberta

JASPER PARK LODGE, Alta., Sept. 2.—Never before has there been so much pre-tournament activity around Jasper Park Lodge as there is for the thirteenth annual playing of the famous Totem Pole tournament, which commences here on September 4. It looks like a record entry, and some excellent golfers are among the registered, one of the features of the tournament in so far as numbers is concerned is the fact that it has been necessary to operate a complete special from Vancouver on Saturday evening to take care of the large entry from Vancouver, Victoria and Seattle. There will be close to 100 on this special train, which will be one of the largest golfers' special ever operated on the continent in connection with a tournament.

A strong contender in the ladies' section will be Miss Barbara Winn, of Seattle, rated as a three-handicap player in the State of Washington. Mrs. Field, of Victoria, who won the ladies' championship here last year is returning to defend her laurels. Mrs. H. P. Powell, another low-handicap player from Bermuda, is already at the lodge.

In the men's sections Bobby Proctor, of Edmonton, Alberta champion, has sent in his entry, and also Leslie Bell and Herb Black, of Calgary. Both former winners of the Totem Pole Trophy will be on hand. S. P. Powell, of Bermuda, a seven-handicap man, is now here. Dr. Spedden, of Seattle, a nine-handicap player, who competed last year, is again returning. There are only a few of the large contingent who will be on hand from all parts of Central and Western Canada, and the United States.

The tournament will be officially opened on Monday morning when His Honor J. C. Bowen, Lieutenant-Governor of Alberta, will drive the first ball.

Mrs. Rogers Wins Manitoba Honors

WINNIPEG, Sept. 2 (P.)—Mrs. John Rogers, Canadian open women's golf champion, defeated Barbara Northwood, St. Charles, Country Club, 2 and 1, in the final of the Manitoba women's golf championship here today. Miss Northwood gave the Canadian champion a stirring battle before failing before the skillful approaches and putting of Mrs. Rogers.

MISSING FROM FREIGHTER

NEW WESTMINSTER, Sept. 2 (P.)—Word reached here today that Le-We-We, twenty-year-old son of Eric Wade of Cloverdale, B.C., is missing from the British Columbia Packers' small coastal freighter T.W. The boat left Vancouver Thursday en route to the North, and when it put into Powell River early today the boy was missing.

Tax Sale—Twenty-four parcels of land, totaling \$3,000, were sold at the tax sale of the Saanich municipality held yesterday. The sale was adjourned until this morning.

Main Burial—The city waterworks department was called to Dunedin Street, near the Gorge Road, at 6 o'clock yesterday morning when a water main burst.

Three Fined—Three motorists who pleaded guilty to charges of parking over the hour limit were each fined \$2.50 in the city police court yesterday morning.

Large Fine—In the city police court yesterday morning Magistrate Hall fined Kenneth A. McLeod \$72.50, or in default ten days in prison, for acting as a pawnbroker without the necessary license.

Conservatives Meet—Ward Two Conservatives selected six delegates for the party convention in Kamloops on September 23 and 24 at their meeting held in the Campbell Building last evening. Dr. J. D. Hunter, M.P., and W. H. M. Haldane both spoke briefly.

Labor Day Holiday—Labor Day falling on Monday, all Provincial offices will be closed for the day, in observance of the customary holiday. Civil service staffs will work the regular half-day today, with a two-day week-end ahead. It was said yesterday at the Legislative Buildings.

Road Report Coming—The annual report of the Provincial Department of Labor for the year 1937 will be read by the department today, with tables for employment and payroll within the province in the last calendar year. It was introduced yesterday at the Legislative Buildings.

Road Improvement—Mayor Andrew McGavin stated a proposal will be presented to Sir Edward Beatty, president of the Canadian Pacific Railway, to fill in the sloping section of the harbor front once occupied by show-bat seats and thus increase the width of Belleville Street. It will also be suggested the corner of Menzies and Belleville Streets be lowered.

Session in October—Intimations that the Fall session of the Nineteenth Legislature might be called on or about October 25 were given yesterday at the Legislative Buildings. The formal date has not yet been fixed, however, and may await Ottawa advice as to continuation of the sittings of the Rowell Commission. By law the House must be called into session within one year after prorogation of the last session.

Protest Pump Run—A delegation of automotive dealers of the city waited on Hon. G. S. Winner yesterday, to protest suggested abolition of curb gasoline pumps under regulations of the Provincial fire marshal. The Attorney-General promised consideration to the representations before further steps were taken in the matter. Victoria dealers stressed the fact that curb pumps comprise a considerable investment within the city limits.

INTER-LEAGUE GAME SEPT. 7

Scotland and Ireland to Clash in Football Match Next Week

GLASGOW, Sept. 2 (P.)—Representative teams from the Scottish and Irish Football Leagues clash at Ibrox Park, September 7, in the first inter-league tilt of the current campaign. It will be the thirty-ninth contest in the series started in 1893, the Scots leading with thirty-five victories against five for the Irishmen.

Last year at Belfast the Scottish players won 3-2, after a tight game. Scotland's defence will be unchanged from last year, but apart from Black, Hearts' star, the half-back and forward lines are made up of new players. The Irish team has been drastically revised. The teams: Irish League—Goal, Kelly (Glenavon); backs, Monaghan (Portadown), Fulton (Belfast Celtic); halfbacks, McVior (Newry Town), McKerrey (Ards), Rosethorn (Linfield); forwards, Todd (Glenavon), McAllinden (Belfast Celtic), Shearer (Derry City), Donnelly (Linfield), Kelly (Derry City).

Scottish League—Goal, Dawson (Raigers); backs, Hogg (Celtic), Carabine (Third Lanark); half-backs, Elliot (Partick Thistle), Lyon (Celtic), Miller (Hearts); forwards, McSpayden, McKennan, Partick (Thistle), Martin (Glyde), Black (Hearts), Caskie (St. Johnstone).

Social Activities and Notes of Personal Interest

Miss Burrows Is Wedded to Mr. H. Mackey

A quiet wedding took place at 2 o'clock yesterday afternoon at the residence of the officiating minister, Rev. C. D. Clark, when Miss Gertrude "Peggy," second daughter of Mr. and Mrs. R. M. Burrows, became the bride of Mr. Harry Mackey, youngest son of Mr. and Mrs. C. H. Mackey, 2329 Howard Street. The bride wore a black and white pin-striped suit with a white tulle blouse and black accessories, and a corsage bouquet of red carnations.

Near relatives were entertained by Mr. and Mrs. Burrows at their home, 824 Raynor Avenue, after the ceremony, and refreshments were served from a table arranged with vases of pink and yellow asters, yellow candles and centred with the wedding cake. Mrs. Burrows wore a black lace frock with a black straw hat and veil, and Mr. Mackey was dressed in navy blue and they both wore corsage bouquets of pink carnations.

After a honeymoon trip on the American mainland Mr. and Mrs. Mackey will return to Victoria and make their home at 2377 Estevan Avenue. Among the gifts was an electric auto-tomoter from the associates of the bridegroom with the Shawanigan Lumber Yard, Ltd.

Were Debutantes at Recent Government House Ball

Miss Joan Cromack, only daughter of Captain and Mrs. J. G. Cromack, Craigflower Road, is seen on the left; and standing in the centre is Miss Sylvia Piddington, eldest daughter of Major and Mrs. A. G. Piddington, Lampson Street. On the right are the daughters of the Dean of Columbia and Mrs. Spencer Elliott, Miss Jean Elliott, the elder (left) with her sister, Margaret (right). They are all in the frocks they wore at the Government House Ball last week, at which they made their debut.

PROMISE SUPPORT OF COUNCIL MOVE

Chilliwack, Richmond and Maple Ridge will support at the Union of British Columbia Municipalities Convention, a resolution of the City Council designed to have the Provincial Government alter the Residence and Responsibility Act.

In the city resolution, it was pointed out that many ailing and semi-destitute persons were attracted to the Province by the climate, and through advanced age and physical deformities a number became direct charges upon some municipality after three years' residence. The resolution suggests that a clause in the Residence and Responsibility Act governing the above be deleted.

Social and Personal

Tea Hostess

Mrs. Melville Mathew entertained yesterday afternoon at the tea hour at her home on Moss Street, in honor of Miss Elza Lovitt, whose marriage to Mr. Alan Mathew will take place next week. The reception rooms were arranged with elaborate chrysanthemums and chrysanthemums, while a silver bowl filled with a profusion of mixed summer

blooms formed the centerpiece for the Spanish cut work cloth which covered the daintily appointed table, lighted by tall ivory tapers.

Mrs. R. W. Mathew and Miss George Lovitt presided at the table and were assisted by Mrs. Max Maynard, Mrs. Maurice Chandler, Mrs. Horace Miller, Mrs. Thomas Stevenson, Mrs. Ivan Mayhew, Mrs. W. K. Gayer, and Misses Eileen Peiray, Eileen Adams, Doreen McGraw, Jean Mayhew, Ruth Norton, Thelma Askerman, Connie Brown, Mildred Jones, Roma Dorman, Marjorie Brown, Mary Young and Mary Matthews.

Shower for Miss Thompson

Mrs. Brooks and Misses Marie Ash and Elsie Wilson were hostesses at a miscellaneous shower on Thursday evening at the home of Mr. and Mrs. P. D. Wilson, 308 Vincent Avenue in honor of Miss Hilda Thompson, whose marriage will take place this month. The gifts were concealed in a box of a doll, dressed in shades of pink and mauve, and were presented to the guest of honor by her little niece, Dawna McClimmon. Contests were played, the prize winners being: Misses Peggy Wilson, Gladys Russell, and Alice Moore. Refreshments were served later in the evening. Those present were: Mesdames W. McClimmon, G. Russell, R. Hemmings, W. McNally, W. Ingram, W. Moore, J. Brooks, Breckell, R. Ricketts, W. De Costa, K. Howard, P. A. Wilson, D. Drummond, Misses Olga Thompson, Alice Turner, Kay Hendle, Anne Tavlin, Nora Breckell, Eileen Breckell, Gladys Russell, Alice Moore, Peggy Wilson and little Dawna McClimmon.

Bride-to-be Honored

In honor of Miss Hilda Greaves, who will become the bride of Mr. Allister McFarlane at the end of the month, Miss Winnie McAdams entertained on Thursday evening at a delightful miscellaneous shower in her apartment in The Waltons, Oak Bay Avenue. A profusion of carnations and cornflowers were in a color scheme of pink and blue in the decoration of the reception rooms. Miss Greaves' corsage bouquet was of the same flowers and was presented to her upon her arrival. The varied and pretty gifts were concealed in a trunk decorated in the prevailing colors. A buffet supper was served from a table centred with a silver bowl of pink carnations and blue cornflowers, flanked by tall pink tapers in silver sconces. The guests were: Mrs. Stewart Skilling, Mrs. Fred Goodwin, Mrs. R. W. ments and the physiotherapy treatments and exercises. Dr. Simpson's statement concluded with the comment that the health of all the children, apart from their disability, had been excellent, and that the admissions for the month (eleven) were unusually heavy.

THANKSGIVING DAY IS FIXED

Federal Proclamation Observes Time-Honored Form In Reciting Blessings

British Columbia repeated a Federal proclamation yesterday, fixing October 10 as Thanksgiving Day and a general public holiday. The wording of the proclamation set the official seal of expectations of a year of bounty, as follows:

"Whereas it hath pleased Almighty God in His great goodness to vouchsafe this year unto our Dominion of Canada a bountiful crop and other blessings;

"We therefore considering that these blessings enjoyed by our people throughout the said Dominion do call for a solemn and public acknowledgment, have thought fit, by and with the advice of our Privy Council for Canada, to appoint, and we do appoint, Monday the tenth day of October next as a day of general thanksgiving;

"The day will be a general public holiday throughout Canada."

VANITY FAIR KNIT BLOUSE—DESIGN No. 623

Dear Readers—Not only have we had many letters asking for a knit blouse similar to the one we have designed for you, but one reader included a pencil sketch to illustrate what she had in mind. It is hip-length, has a raised neckline, long or short sleeves, fashionable three-knit, three-pur ribs, and a graceful, casual air so desirable in a blouse you intend to wear day in and day out.

The pattern includes easy-to-follow instructions for knitting in sizes 22, 24, 26 and 28, material requirements and complete directions for finishing. Send 15c, coin, preferred.

MANY VISITORS FOR BIG RALLY

Pentecostal Assembly Holding Special Services Sunday and Monday

A great rally is being held on Sunday and Monday in the Pentecostal Tabernacle, 842 North Park Street.

On Sunday it will take the form of a general rally with three services. At 11 a.m. there will be a Communion service when it is expected that nearly two hundred visitors from Nanaimo, Vancouver, Seattle, Tacoma and many other points in British Columbia and Washington will gather with the local assembly and friends for the opening services.

At 3 p.m. another inspiring service will be held, and again at 7:30 p.m. when Rev. P. Jones, of Seattle, will bring the evening service. Included in the visiting musical talent will be the Radio Gospel Singers from Fremont and Bethel Tabernacles, Seattle, known to thousands over the air. They will sing at all services.

MONDAY MEETINGS. Monday will be devoted more especially to young people. At 10:30 a.m. Rev. T. Johnstone, district superintendent, from Vancouver, will be guest speaker. At 2:30 p.m. a number of the "Christ Ambassadors" young people's leaders will give brief outlines of their Y.P. activities, and the pastor Rev. E. W. Robinson, will speak on "Pharaoh's Four Offers."

At 7:30 p.m. Rev. M. J. Hagil, of Seattle, will be the special speaker. At 8:15 o'clock this evening there will be an open-air meeting on the vacant lot on the corner of Quadra and Pembroke Streets (across from Little's store), and at 6:15 p.m. Sunday, the gospel singers will be heard over CPCT.

REOPENING AFTER IMPROVEMENTS

During the past two months willing workers of the James Bay United congregation have worked diligently to improve the church buildings and grounds. The auditorium has been redecorated and the outside has been painted. A part of the roof had been resingled.

To mark the completion of this work a special reopening service will be held on Sunday at 7:30 p.m. Former members of the congregation and Sunday school are especially invited to attend. The service will be conducted by the minister, Rev. C. D. Clarke.

TO OCCUPY TENT ANOTHER MONTH

Services Continue To Be Held Under Douglas Street Canopy By Alfred Mace

The continued interest in the services being held in the big tent on Douglas Street between Bay and Queen's, has encouraged the sponsors to secure an extended permit for the month of September.

To take care of any chilliness that may be felt during the Autumn evenings, a heater has been installed. This, with the boarded floor and seating accommodation, assures every comfort for those who attend.

On Sunday at 8 p.m. Alfred Mace of London, England, will again be the speaker, his subject being "The Gospel and the Skeptic."

At 3:30 p.m. a special address will be given, preceded by a lesson of prayer on behalf of China and Japan.

Services will continue from Tuesday to Friday at 8 p.m.

WILL DISCUSS URGE TO WORK

Rev. A. E. Whitehouse Has Evening Theme Appropriate to Labor Day

Rev. A. E. Whitehouse will conduct the services in Metropolitan United Church tomorrow. The morning sermon theme will be "The High-Water Mark of Faith." In the evening Mr. Whitehouse will preach a sermon appropriate to Labor Day, "The God-Given Urge to Work."

Music for the day will be given by the Metropolitan choir under the leadership of Frank Tupman. The morning anthem will be "I Saw the Lord" (Harriet), in the evening the choir will sing "Immortal, Invisible" (Thiman) and "Jerusalem" (PARRY).

BROTHER OF DEAN ELLIOTT AT ABBEY

Rev. W. J. Elliott, Goes From Leeds To Be Canon of Famous Anglican Shrine

The appointment of Rev. William Thompson Elliott, brother of Dean Elliott of Christ Church Cathedral here, to the canonry of Westminster Abbey, is announced in a recent issue of The Church Times.

Ordained in 1905, Canon Elliott was later canon and sub-dean of Liverpool Cathedral for two years, and has been for the past twelve years vicar of Leeds, rural dean of Leeds, and now canon of Ripon Cathedral.

"A man of many interests," states the paper mentioned, "with an intensive concern in all that affects the spiritual, mental and physical well-being of the people. Canon Elliott's vital and genial personality has made him one of the most influential of Leeds' citizens."

TOPIC OF PRAYER TO BE CONTINUED
At Fairfield United Church the minister, Rev. N. J. Cree, will speak in the morning on "Learning to Pray," and to the children on "A Bad Tooth." Miss Estelle Clarke will sing "How Lovely Are Thy Dwellings" (Liddle).

In the evening the sermon topic will be "The Pursuit of Happiness, an Unhappy Quest." James Petrie will be the soloist.

TO QUERY DATE OF ARMAGEDDON

Rev. S. R. Orr Will Discuss International Affairs at Crystal Garden

Capacity congregations have attended the Sunday evening services in the Crystal Garden Auditorium during the summer holidays. This Sunday Rev. S. R. Orr will speak again on the prophetic aspect of international affairs in the subject, "How Many Days To Armageddon?"

He will also give details of the arms contract for the British and Canadian Governments, to call attention to the economic system of the Kingdom of God.

The following questions will then be answered: "Will Hitler Take the Plunge?" "What Will Be the Line-Up of the Nations If He Does?" "Why The Canadian Armament Mystery?" "Must We Again See National Necessity Exploited?" "Is Such Civilization Worth Saving?" "How Much Longer Will the People Accept This Bondage?"

WILL INSTITUTE INCOMING VICAR
Canon E. J. Pierce, B.A., Will Be Placed in Charge of South Saanich Parish Tomorrow

Rev. Canon R. J. Pierce, B.A., will be instituted as vicar of South Saanich by the Bishop of Columbia in St. Stephen's Church, Mount Newton, tomorrow morning at 10 o'clock. The Bishop will be the preacher, and several other clergy have signified their intention of being present.

It is expected that a large congregation will assemble for this special service, after which both the Bishop and Canon Pierce hope for the opportunity of meeting the parishioners.

A welcome social to the new vicar has been arranged for the evening of Wednesday, September 7, at Mr. Westinghouse's Hall, when the Bishop also hopes to be present.

ST. MARY'S HOLDS SPECIAL SERVICE
Rector To Be Assisted by Lay Helpers at Early Service for Sunday School

The services at St. Mary's, Oak Bay, tomorrow will be celebration of Holy Communion at 8 a.m. and at 10 noon, and as it is the first Sunday in the month, the younger people of the church are asked to attend the early celebration.

Matins and sermon at 11 a.m. and Evensong and sermon at 7 p.m., the preacher at both services being the rector, Archdeacon A. E. del. Nunn. At 9:30 a.m. there will be a special service, primarily for members of the Sunday school and their parents, to be in charge of the rector, who will be assisted by the men of the Sunday school who have officiated at the special series of services during the summer.

The mid-week celebration of Holy Communion will be on Thursday at 10:30 a.m.

Father Was Rector At Nanaimo

Rev. J. L. W. McLean Will Give First Sermons in St. Andrew's

The services at St. Andrew's Presbyterian Church tomorrow will be conducted by the minister, Rev. J. L. W. McLean, M.A., who will preach in the morning on "Three Speeds Ahead," and in the evening on "God's Prodigal."

At the morning service Mrs. Dorothy Parsons will sing "How Beautiful Upon the Mountains" (Flaxington-Harker). The choir will sing the anthem, "Break Forth Into Joy" (Brotherhood). In the evening Arnold W. Trevett will sing "Thou, Who Almighty Art" (Gull-kette), and the evening anthem will be "Still, Still With Thee" (Berridge).

OAK BAY UNITED SERMON TOPICAL
A special Labor Day service will be held in Oak Bay United Church at 11 a.m. The minister will speak on "The True Motive for Work" in the evening his subject will be "The Half Has Not Been Told."

The morning music will consist of an anthem by the choir, "Rejoice in the Lord" (Coward), and the male quartette will sing "Remember Me, O Mighty One." The anthem in the evening will be "Thou Will Keep Him in Perfect Peace" (Tenney), and George Burnett will sing "My Task" (Ambrose).

"Man" to Be Subject for Day's Lesson
"Man" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday. The golden text is: "Blessed are they that dwell in thy house: they will be still praising thee." (Psalm lxxiv, 4, 12).

Among the citations which comprise the lesson-sermon is the following from the Bible: "Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee." (Isaiah lx, 1).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with the Key to the Scriptures," by Mary Baker Eddy: "The unselfish joy—the perfect harmony and immortality of Life—possessing unlimited divine beauty and goodness without a single bodily pleasure or pain—constitutes the only veritable, indestructible man, whose being is spiritual."

SPIRITUALIST MISSION
MR. W. J. IRWIN, North Vancouver, and Rev. M. McLEOD, Late of Winnipeg, will conduct both services at 3 P.M. and 7:30 P.M. Soloist: Mrs. Sidney Phillips. WEDNESDAY, at 8 P.M., a Social Evening in the hall to which the public are invited.

FIRE LOSSES LOW FOR JULY MONTH

Figures Furnished by Chief Alex Munroe Show Loss of \$753.10 In Dry Weather

Fire losses in July totaled \$753.10, of which \$653.10 was covered by insurance, according to a report of Fire Chief Alex Munroe. Tribute to the efficiency of the department, in keeping losses at a low level during the dry weather, was paid by the chief.

During the month fire apparatus traveled 1,092 miles. There were sixty-nine fire calls and two false alarms. Buildings inspected totaled 956. The department held 236 drills and attended to twenty-three fire hazards. No burning permits were issued on account of dry weather.

Fire losses for the seven months of the year totaled \$11,242.41, compared with \$59,832.15 during the corresponding period last year.

In July, 1937, ninety-nine alarms were received. Fire losses totaled \$5,236.65.

Since January 1 this year there have been 316 alarms and fifty-two fires with loss of property.

BREATHLESSNESS SHOULD BE INVESTIGATED

A patient consulted his physician fearing he had heart disease because his heart beat was slow sometimes, at other times fast, and he thought that it also skipped a beat sometimes.

The physician had him lie down and outlined the size of his heart by tapping the chest with his finger; he then had him take some exercise—hopping on one foot thirty times—after which he had him sit down for a minute, and finally he had him hold his breath again after taking in a full breath and again after breathing out the air in his lungs. He then told the patient that his

heart was normal but that if he cared to spend the money for examinations by the fluoroscope and the electrocardiograph by a nearby heart specialist, he could be even more sure that his heart was normal.

As a parting remark, the physician stated, "You do not get out of breath easily which is a good sign, because the first sign of a failing heart is getting out of breath doing work or taking exercise that heretofore has not caused you to get out of breath."

The patient went home, not completely satisfied, but determined to watch for the "shortness of breath" sign. Sure enough, he found that he did seem to get out of breath sooner than he should, but he failed to notice that he was so intent in watching for the breathless sign that he was not breathing properly; really finding his breath to a considerable extent. It was only after this was pointed out to him and he had the fluoroscopic and electrocardiographic examinations that he felt satisfied about his heart.

If there is a defect of the nose that prevents enough air getting to the lungs, breathlessness will come on. Also the eating of too much of the acid foods—meat, eggs, fish, cereals—may render the blood less alkaline and call for more oxygen—therefore the need to breathe often.

However, Dr. F. A. Wilkins, in Proceedings of the Mayo Clinic, says: "The complaint of breathlessness should always be investigated. If it comes on while at rest and is relieved by a few long, deep breaths of the 'sighing' type, it is almost certainly not due to heart or lung disease."

What Today Means

"VIRGO"

If September 3 is your birthday the best hours for you on this date are from 11:15 a.m. to 1:15 p.m.; from 3:15 to 5:15 p.m., and from 7:15 to 9:15 p.m. The danger periods are from 9:15 to 11:15 a.m.; from 5:15 to 7:15 p.m., and from 9:15 to 11:15 p.m.

The socially ambitious must be careful not to slight old friends this day by endeavoring to further their aims for social recognition. It will be poor judgment to ignore or snub anyone, for from humiliation many lifelong enemies are apt to be created. This is a day when the average person will fight for a vital principle, and any attempt to overcome it is likely to fail. Before trying to remove a mote from another person's eye, be sure you have not one in your own that needs attention.

Overconfidence will be the primary cause of most of this day's failures. In other words, "do not count your chickens before they are hatched." It is very advisable to be prepared to meet at least half-way, any conciliatory advances made to you, regarding any disagreement you have had. This ought to be an auspicious day for the development of ideas and the furtherance of plans, particularly those relating to advertising, publicity or promotional work. Married and engaged couples, and those who are working Cupid overtime to bring a happy culmination of their love making, should stand by each other through thick and thin this day, regardless of circumstances.

If a woman and September 3 is your birthday, you probably love to spend money with a lavish hand, and it will be well to keep this tendency under control. You may win flight of endeavor from which you are likely to be better. Research, laboratory or educational work, as well as selling, might provide the best field of endeavor from which you should be able to reap many rich rewards. A marriage of love seems

bound to bring into your life immeasurable happiness. The child born on September 3 frequently gets along better with children slightly older than itself. This youngster's intellectual growth evidently will be rapid. Fate appears to be destined to direct the footsteps of children born on this date in the direction wherein success and prosperity abide. If a man and September 3 is your natal day, if you will remember that money cannot buy happiness nor

friendship, your life is likely to be joyous. The pulpit, stage, lecture platform, newspaper office or counting room should have many opportunities to offer to a man of your versatility. SUNDAY SCHOOL REOPENS St. Alban's Sunday School will re-open tomorrow. There will be a children's service in the church at 10 o'clock, at which parents are cordially invited to attend.

Mr. Smith, "Your wife used to be so nervous. Now she seems quite cured." Mr. Brown: "Yes, and it was so easy. The doctor simply told her it was a sign of age."

Fond Father: "This is the sunniest my daughter painted. She studied abroad, you know." Neighbor: "Well, I was going to say I never saw a sunset like that in this country."

DAVIS CUP FINAL TO START TODAY; DRAW MADE

Ruffing Pitches Twentieth Win of Season for Yanks

Becomes First Pitcher in the Majors to Reach "Double Ten" Bracket as He Beats Red Sox, 6-4—Joe DiMaggio Hits Homer, Double And Single—Pirates Defeated by Cards

Backed by the first full team the Yankees have put on the field in a week, big Red Ruffing became the major league's first twenty-game pitching winner of the year yesterday by hurling the new world champions to a 6-4 victory over the Boston Red Sox.

Along with the return of Red Kille, Bill Dickey and George Selkirk from the hospital list, big Red also had the advantage of a slugging show put on by Joe DiMaggio in reaching the "double-ten" hurling mark for the third straight season. DiMaggio whacked his twenty-seventh homer with two aboard in the first inning, singled and scored in the third, and then doubled to drive another marker across during the game-winning rally in the seventh.

The win boosted the Yankees' American League lead to fourteen full games over the second-place Sox.

In the only other American League game scheduled the Washington Senators beat the Philadelphia Athletics 4-2, on Southpaw Ken Chase's seven-hit pitching and Al Simmons' twentieth home run of the season. He also hit a three-bagger.

The revived St. Louis Cardinals went on a scoring spree for three innings and then just needed out the National League Pittsburgh Pirates, 11-10, in the only game of the senior circuit programme.

The win allied half a game from the Blues' league lead, leaving them six and one-half games in front of the idle Cincinnati Reds and Chicago Cubs.

Paced by Don Cuddie, whose homer, triple and single drove five runs in, the Cards landed on Cy Rianton and Joe Bowman in the fourth, fifth and sixth frames to score all their runs.

AMERICAN LEAGUE

Boston 000 112 000—4 13 0
New York 301 000 200—6 8 1
Batteries: Wilson, Dickman and Peacock; Ruffing and Dickey.

NATIONAL LEAGUE

Washington 010 020 010—4 10 1
Philadelphia 000 000 200—2 7 1
Batteries: Chase and Ferrell; Potter, Smith and Hayes.

POSTPONEMENTS

National, none; one game, American, none, two games, International, two (Montreal at Buffalo played as part of double-header yesterday, and Toronto at Rochester, played at former date), five games, three night, including one double-header, Association, none, eight night games.

COAST LEAGUE

The pennant-bound Los Angeles Angels retained their slim two-game Pacific Coast League leadership Friday when Eddie Mayo hit a home run with two men on base in the third inning to defeat San Francisco 5-3.

But Sacramento and Seattle, both solid contenders for the title, also won their games to keep right up with the leader.

In a wild game at Portland, the Rainiers won 9 to 7, and Sacramento shut out the Solons, 3-0.

In the other Coast game, Oakland beat Hollywood, 6-2.

DAVIS CUP TENNIS

Will Be Broadcast Today and Sunday

A STROKE—by stroke description of the opening days play in the final round of the Davis Cup tennis supremacy between Australia and United States will be heard over the Columbia and Blue network of the National Broadcasting Company today, with Ted Husing and John Tunks at the microphones. The broadcasts will be given over the Columbia network at 10:15 a.m. and 12:30 p.m. while the Blue network will carry a broadcast at 2:05 p.m. Further broadcasts over the Columbia network will be heard tomorrow at 11:50 a.m. and on Monday afternoon at 2:05 o'clock. Stations handling the events are KIRO, KVI, KJR, KGO.

Bobby Pearce Scoring Close Rowing Victory

Bobby Pearce rowed before the exhibition crowd at Toronto, and emerged as a winner. Never greater in the water, he beat George Cook and Evans Paddon by inches in a belated spurt that made the crowd roar. The sprint is not his dish, and in each case against these two he seemed to be beaten until, when within two or three lengths of the finish, he turned on a little extra to slide across the line in front. He is shown defeating Paddon.

BOB PEARCE WINNER OVER THREE RIVALS

Retains World's Pro Sculling Crown by Scoring Easy Victory

TORONTO, Sept. 2 (P)—Bob Pearce retained his world's professional one-mile sculling championship in a race against three Australian contenders here tonight as Joe Burk, of Philadelphia, considered Pearce's chief threat to sculling supremacy, won the amateur mile event. Burk's time was three and four-fifths seconds slower than that of Pearce.

The great Australian sculler who now makes his home at Hamilton, Ont., won his race by five lengths on the Canadian National Exhibition waterfront course. His time of 6:08.3-5. Burk also scored an easy victory by four lengths in the 6:08.2-5.

Evans Paddon, Australian champion, finished second to Pearce, who did a steady twenty-eight strokes to the minute throughout the distance. George Cook, New South Wales titleholder, was third, and Percy See, champion of the Australian North Rivers district, fourth. Paddon was two lengths ahead of Cook.

In winning the amateur event, Burk never was headed once. He rowed forty-two strokes to the minute to retain the Joe Wright, Sr. Trophy for the C.N.E. mile, which he had last year. His margin of victory over Johnny Coulson, of Toronto Argonauts, was four lengths. Hamilton Leanders were easy winners in the one-mile, 150-pound event, scoring a three-length victory over Toronto Argos. Toronto Dons were third, three lengths back. The winning crew's time was 5:33.

Bill Pomeroy appears to have an excellent opportunity of gaining the honors for the season's largest catch. Bill hooked a thirty-eight pounder a few weeks ago, and for the present at least, has no real opposition.

Sport Fishing on Vancouver Island

Large Springs Being Taken at Cowichan Bay, Campbell River, Comox and Alberni Canal—Grilse and Cohoe Providing Excellent Sport

By SID THOMAS
Sport fishing on Vancouver Island, especially from Cowichan northward, continues to improve, and many fine springs have been taken at Cowichan Bay, Campbell River, Comox and the Alberni Canal. Fish weighing well over thirty pounds have been landed, and reports reaching the city state that the sport is excellent.

Grilse and cohoes are plentiful and limit catches are the rule rather than the exception. Popular fishing spots on Vancouver Island are giving up excellent specimens and many boats are returning with better than average catches.

Sportsmen visiting Brentwood are not hooking many button fish, but the grilse and cohoes are biting. Dr. Hugh Clarke, well-known member of the local angling organizations and a keen fisherman, made a catch of five cohoes, averaging ten pounds during the week, and other anglers have met with similar success.

Trout fishing remains good, with many fine bags of sea-run cutthroat being taken at Oyster River, Qualicum and Comox. Best fishing in the Oyster River is near the bridge and at the mouth of the river.

Len Holyoak, who is setting the pace among local anglers in the Robinson and Poodie Dog Cup individual events, landed another button fish—a twenty-four pounder—during the week at Brentwood. Holyoak just seems to know where the "big ones" are, and certainly makes no mistake about landing them. His biggest fish of the year is thirty-four pounds.

Other big catches made during the season follow: Miss Beth Grant, Seattle, 43-1-2 pounds; A. F. C. Hartley, Paringdon, Berkshire, England, 38 pounds; Dr. John E. Weeks, Portland, 41-1-2 pounds; James Morrison, San Diego, Calif., 33-1-2 pounds; Warren Spickard, Seattle, 33-1-2 pounds; Dr. R. L. Jeffery, Seattle, 30-1-2 pounds; E. E. Kohlstedt, Seattle, 38 pounds; H. H. Hefediz, Seattle, 41 pounds; Gilbert L. Duffy, Seattle, 47 pounds; W. J. Hall, Seattle, 37 pounds; Mrs. R. L. Schutt, Bremerton, 41-1-2 pounds.

City tennis champions will be crowned at Victoria Lawn Courts.

City tennis champions will be crowned this afternoon at the Victoria Lawn Tennis Club courts, when the finals in all events will be run of with play scheduled to commence at 1:30 o'clock.

Yesterday's play, which advanced the successful netters to the finals, made the way clear for today's grand finals of the annual tournament.

Mrs. Edwards and Mrs. Hocking will battle it out for the women's singles crown, while Lieutenant-Commander Edwards and W. E. "Reg" Corfield will clash in the men's final.

VANCOUVER MAN IS TOP ANGLER

Visiting "Tye Man" Contestant Lands Giant Salmon

Playing his catch as delicately as a watchmaker plays his trade, A. N. Wolverson, Vancouver sportsman, last week took top honors as "Tye Man" when he brought to gaff the largest salmon hooked in the Campbell River type grounds since 1935.

Although the competition is still open it is not considered likely that his catch will be beaten.

Using only a six-ounce rod and a six strand linen line with a breaking pressure of thirteen pounds, the visiting angler reeled in his mammoth fifty-eight and one-half pound opponent after nearly an hour and a half of strenuous battling.

Conforming to the "three-six" tackle class introduced to Upland fishing grounds by Victoria's Wallace H. McMillan, the Vancouver man was forced to rely on his patient trick of the trade to land the submarine monster. McMillan, himself, hooked a forty-four and one half pounder with this type of light tackle.

Other big catches made during the season follow: Miss Beth Grant, Seattle, 43-1-2 pounds; A. F. C. Hartley, Paringdon, Berkshire, England, 38 pounds; Dr. John E. Weeks, Portland, 41-1-2 pounds; James Morrison, San Diego, Calif., 33-1-2 pounds; Warren Spickard, Seattle, 33-1-2 pounds; Dr. R. L. Jeffery, Seattle, 30-1-2 pounds; E. E. Kohlstedt, Seattle, 38 pounds; H. H. Hefediz, Seattle, 41 pounds; Gilbert L. Duffy, Seattle, 47 pounds; W. J. Hall, Seattle, 37 pounds; Mrs. R. L. Schutt, Bremerton, 41-1-2 pounds.

First-batter of the Vancouver Maple Leafs, who counted his clubmates to a 4-3 victory over the Tacoma Tigers last night at the Royal Athletic Park in a Western International Baseball League contest. McCue laced out a circuit drive in the eighth frame for what proved to be the deciding marker of the (knelt) fought ball game. The third and final game of the series will be played this afternoon at 2 o'clock.

ADRIAN QUIST WILL MEET BOBBY RIGGS IN OPENING MATCH

Australia's Hopes Appear Better Now as a Result Of the Draw—Bromwich to Meet Don Budge In Second of Singles—Doubles Match to Be Played Tomorrow Afternoon

PHILADELPHIA, Sept. 2 (P)—Australia's hopes of capturing the elusive Davis Cup skyrocketed today as the luck of the draw pitted Bobby Riggs against the veteran Adrian Quist and Don Budge against unorthodox Jack Bromwich in the opening singles matches for the emblem of international tennis supremacy.

Though the Americans, from non-playing Capt. Walter Pate to Budge and Riggs, said the draw didn't mean a thing to them, the Aussies greeted the opening pairings with whoops that echoed over the Germantown-Cricket Club where the international adversaries of the bounding ball will fight it out for the cup tomorrow, Sunday and Monday. To hear the boys from "down under" cheer, one would feel that chances had been improved a hundred per cent.

"It's just the kind of a draw we prayed for," said Harry Hopman, non-playing leader of the Australians. "Now I believe we'll give the Americans a really great battle though I realize with Budge against

us it will take the best tennis we have all the way."

Experts divided. Tennis experts were divided. Some thought Riggs was almost sure to be defeated by the more experienced Quist, thereby showing America into the hole at the start. Others figured Riggs stood even a better chance against Quist in the opening match.

No one worried Budge. The red-haired master of world amateur tennis was sniffling from a head cold and he looked weary, but in his final tuneup today he appeared his real self.

Nothing was said about the doubles to be played Sunday. However, everyone knows it'll be Budge and Gene Mako against Quist and Bromwich. Don and Gene gave the Aussies a sound trouncing in the national doubles at Brookline last week and are confident of doing it again. The singles matches tomorrow and Monday start at 3 p.m., and the doubles Sunday at 4 p.m. (Eastern Standard Time). Clear weather was forecast.

Will Pilot Racing Car Tonight

ACE Victoria automobile racing pilot, who will be at the wheel of Jack Smith's Special at tonight's International race meeting at the Langford Speedway, the last of the season. Sutton has scored a number of fine triumphs on the local track, and will be out for his share of the prize money tonight. Five leading American drivers are booked for the meet, and the fans are promised another entertaining programme. The meet will open with the time trials at 7:45 o'clock. Owing to new regulations imposed on the Langford Speedway, Ltd., by the Victoria Racing Car Drivers' Protective Association, the management regrets that all blue season passes to the track are hereby canceled.

REGINA TRIMS EDMONTON, 11-0

Opens Conference Schedule With Fine Victory Over The Eskimos

REGINA, Sept. 2 (P)—Shaking a stubborn Edmonton defence twice for spectacular touchdowns, Regina Roughriders opened the Western Football Conference tonight with an 11-0 victory over Eskimos. More than 3,000 watched the floodlight game.

Leo Danaher, new backfielder from Kansas, ripped over for Regina's first touchdown in the second quarter, and Harry Guest, star of Regina Junior Exes a year ago, skirted right and for the second major score midway through the fourth quarter. Earl Nelson converted the first touchdown to complete the scoring.

Edmonton hadn't a single chance to score. Backed by the stone-wall Regina line the Eskimos made only one first down, and their best scoring chance came early in the third quarter when Howard Cleveland was forced to race out of his own end zone with one of Harold Sutton's lofty punts.

Roughriders played apathy football, but when they started to roll the Edmonton line, which gave a great display of defensive football, couldn't stand up against the devastating interference that went ahead of Regina ball carriers.

Leaders Recover From Depression On Wall Street

NEW YORK, Sept. 2 (AP)—European war tension once more lessened in Wall Street today as leading stocks, motors, rubbers, mail orders and specialties were lifted fractions to around three points.

It was a relatively slow come-back however, with the ticker crawling the greater part of the day. A slight pickup in activity and prices in the final few minutes put total transfers at 553,560 shares, against 508,770 yesterday.

The Associated Press average of sixty issues was up one point at 48.5. A number of stocks closed a shade under the days best, but most emerged at or near the top.

The list displayed a recovery tendency from the start as Hitler indicated he would keep the door open for further negotiations with Czechoslovakia notwithstanding his refusal to accept the compromise plan offered by the latter to settle the Sudeten German controversy.

A tapering of the selling movement which kept prices on the skids, most of the week opened the way to an irregular rally in the bond market today.

Rails showed closing gains ranging from 1 to 4 points.

Transactions amounted to only \$3,817,300 value, compared with \$3,795,000 yesterday.

CULBERTSON on CONTRACT

By Ely Culbertson

World's Champion Player and Greatest Card Analyst

In this age of acute specialization it has become quite the thing to "rate" bridge players according to at least six classifications. Thus, we have masters, experts, advanced, better-than-average, average, poor and plain dubs.

For most practical purposes, however, three categories—poor, fair and good—are sufficient. And this brings up a curious point—certain types of errors are made exclusively by the middle class. Take today's hand, for example. Neither a good player nor a poor one could possibly fail to fulfill the contract. The declarer who actually went astray knew just a little too much for his own good.

South, dealer.
North-South vulnerable.

NORTH
7 5
8 6 3 2
8 7 4 2
K Q J

EAST

A K 5
A 7 4

The bidding:
South West North East
1 A 2 W Pass Pass
3 A Pass 4 A Pass
Pass Pass

West opened the heart king, then led the queen. Now I feel quite sure that nine players in ten, in South's position, would ruff without a second thought, and they would be right! After ruffing the ace, king and another spade would clear the decks to the point at which declarer could gracefully concede a diamond trick

and claim his contract. But this declarer was quite by the fact that he had seen a certain play used with great effectiveness. That the circumstances were in no sense identical did not strike him. Apparently he believed in using his hard-won knowledge. So, on the second heart lead, this poor, benighted declarer nonchalantly chucked his losing diamond! Viewed superficially, this play could cost nothing, since the diamond trick would have to be conceded sooner or later. But superficial reasoning at this grand game is worse than none! Note what actually happened.

West led a third heart and East, realizing that his jack of trumps was no good to him, ruffed in with his king! That little play was declarer's finish. Now he had to over-ruff or concede the trick; and West, to his own pleased astonishment, found that his Q 9 2 of trumps had been promoted to the value of two tricks, including the setting trick.

BEACON HILL PARK SCENE OF SPORTS

An interesting programme of foot races and costume events for children from five to thirteen years of age will take place on the football grounds at Beacon Hill Park opposite the end of the street car line at 2:30 o'clock Monday afternoon.

In addition to short dashes for the youngsters, there will be special classes for decorated bicycles and coasters, and the best impersonations of motion picture stars in costume.

Alderman W. H. Davies, chairman of the City Council celebration committee, announced the prizes would consist of scrip useful to purchase articles and clothing needed for the reopening of school. Free candy will be distributed to contestants.

LADYSMITH TO SUPPORT MOVE

Delegates to Back Objections to Hospital Payments Regulations

LADYSMITH, Sept. 2.—Lady-Smith City Council will support a resolution, from Prince George, to come before the Union of B.C. Municipalities Convention at Nelson, objecting to hospital payments of 70 cents per day by cities whose citizens are being treated elsewhere.

The two Ladysmith delegates will be instructed to support that resolution, and to sponsor an amendment seeking the abolition of the 70 cents per patient per day civic payments entirely.

Mayor W. W. Walkem and Alderman W. Joyce were appointed delegates, with Alderman W. Steele as alternative choice in the event either of the others are unable to attend the convention of September 14 and 15.

The plumbing inspector gave notice of his resignation, and applications will be called for that post combined with that of building inspector and partial collector of taxes.

Some time ago the council adopted a by-law that would exclude all cows, goats and hogs from within the city limits after December 31. A delegation from those affected by the ruling attended the council session with Sam Guthrie, M.P., as spokesman, and a petition signed by many citizens.

Mr. Guthrie remarked he was giving voice to the expressions of the delegation and not to his personal views, and he was asking the council to reconsider devising a method that would work the least hardship on those who depended greatly on the keeping of one cow for family use while on relief. Final consideration of the petition had to be laid over.

To Tell Meaning Of "This Gospel Of the Kingdom"

On Tuesday night in the Y.M.C.A. Hall, the Victoria and District British-Israel Association holds its usual public meeting. The speaker is N.Y. Cross and his subject, "This Scripture what Our Lord meant by Gospel of the Kingdom."

Mr. Cross will show from Scripture what Our Lord meant by His statement "This Gospel of the Kingdom," and will compare and contrast it with the teaching in the churches today. He will also answer the question "What are the signs that prove we are at the end of the age?"

The Reformed Church of France, which now unites the four principal French Churches with an aggregate membership of nearly 1,000,000, will officially function in its unified form on January 1, 1939. The new organization, it is stated, will be marked by conquest, consolidation and evangelism.

Jane Dixon Says:

A GIRL WHOSE FIANCÉ CONTINUES TO POSTPONE THEIR MARRIAGE SHOULD NOT HESITATE TO ASK HIM FOR THE REAL REASON

Impetuously recedes with the years. A few years added to the life of a young man in his early twenties may make a tremendous change in his outlook.

Dear Miss Dixon: I have been going steadily with one boy for the last three years. He is twenty-six years old and I am twenty-four. About six months after I met him he wanted me to marry him, but at that time I did not think we were in a position to take this step and asked him to wait for a while.

Now, together, we make more than \$200 a month, and I have saved enough money to furnish a three-room apartment. We planned to have our money and marry this summer on our vacations.

Before vacation time came along he told me he thought it best to wait a while longer, as his job did not seem so secure just then. He explained the reason for this insecurity.

I do not feel the reason is sufficient to cause us to delay our marriage longer. I am not a believer in hasty marriages, but I have a conviction that too long engagements are detrimental to future happiness. There is no real reason why we should wait longer.

What do you suggest that I do about finding the real reason for our delayed marriage? My fiancé comes to see me regularly, is just as attentive as ever and, as far as I know, dates no other girls.

I had thought of doing a bit of dating myself, but he has a jealous nature, and this probably would cause a lot of arguments that might end in a lasting break between us.

Should I ask him what his intentions are concerning our marriage, and call for a showdown? I'm a little old-fashioned in a way—to an extent that I feel it is not my place to propound such a question. I will appreciate your advice.—Gloria.

Answer: Your reluctance to "call a conference" is quite understandable. Gloria, but it is the straightforward way the fair way and in my opinion, the very best way.

You must realize that after nearly three years, two earnest, striving young people now married with much more alarm than they did when love was new and youth scarcely out of the bud.

It is characteristic of human nature that the more material things we manage to accumulate in a drive for a goal, the more we want to get the more we come to believe it is essential for us to have.

This may have been what has happened to your young man.

However, there is an end to the preparatory period for marriage, a time when love and the need of one for the other, with a reasonable degree of insurance behind it should inspire a faith that leads to the altar.

You and your young man seem to have reached such a milestone. You have an emergency fund, you have the means to furnish your first and best of all, you both have the ability to earn a living. You both are earners. If one is unable because of economic condition, to carry on for a time, the other is willing and able. That is a real partnership in marriage, and nowadays the safest and sanest partnership any man or woman can undertake.

A man who has been your suitor for three years, both of you being in accord, should be your good friend as well as your sweetheart. Be as frank and honest with him as you would like him to be with you. Tell him how you feel—that the time has come to make dreams come true—to put plans into action. Ask him how he feels about you as a wife and what he proposes to do about marriage. Don't be too tentative about your questions. Just ask them as one good friend to another. Your idea—discarding of dating other young men to arouse resistance, is no good. You are much too intelligent, too capable, for that sort of silliness. Ask for the truth. If you get evasion, prepare for an end to your dream.

Church Personals

Rev. Hugh A. McLeod, the new minister of First United Church of this city, has been for several years Alberta correspondent of The Christian Century, of Chicago. He has been succeeded by Rev. Dr. A. D. Miller, of St. Stephen's College, Edmonton.

Father and son have together rounded out eighty-five years in ministry of one congregation in Iowa. This is the Norwegian Lutheran congregation at Washington Prairie, founded by the late Dr. V. Koren, and his son, Rev. Paul Koren.

Among distinguished sponsors of Men and Missions Sunday in the United States, on November 13 are Professor Arthur H. Compton, the noted physicist, Assistant Secretary of State Francis B. Sayre and Charles P. Taft, of Cincinnati. The observance of this day promises to be more widespread than in any year since its inauguration in 1931.

Rev. Job Forster, of Killarney, Manx, is ninety years old. He has been sixty-six years a preacher of the Gospel and is still in active work on the pastoral United Church charge of Whitewater, Mountain-side and Wassewa, preaching three times a Sunday and driving ninety miles to make his appointments.

Dr. J. L. Maxwell, director of the Red Cross in China, has been honored by King George VI with the O.B.E. Dr. Maxwell spent a few days in this city several years ago during which he spoke to the local Medical Association and other groups.

VISITOR REMAINS ANOTHER MONTH

On Account of Pastor's Illness Rev. J. Strachan Will Supply First Baptist Pulpit

Illness having prevented the early return of Rev. G. A. Reynolds to his pulpit, services at First Baptist Church throughout September will continue under the charge of Rev. James Strachan, immediate past-president of the Baptist Union of Western Canada.

Following the morning service tomorrow, Mr. Strachan will officiate at the celebration of the Lord's Supper.

Morning solist will be Miss Catherine Denison, who will sing "Fear Not Ye, O Israel" (Buck). The quartette, "I Am He That Liveth" (Burke), will be rendered by the Misses Jean and Florence Atchison, Norman Durkeworth and Alex. Hall. In the evening W. R. Woods will sing "Will There Be Any Stars in My Crown," and the quartette will again be heard in "It Is Well" (Bliss).

Choir practice for the Fall season will commence on Thursday at 8 p.m., at which new members will be made welcome.
